NOTES:

- +1 FSP for Lieutenant Colonel . If you deploy all levels (and Skirmish sotnia), Lieutenant Colonel may be deployed for free.
- * You may exchange up to 2 3-base Boyar Sons sotnias from the Force base for dragoon companies (field) or Servant cossack sotnias of the same strength. The servant cossack sotnia can be increased up to 4 bases each.
- +1 FSP for 4 additional Boyar Sons bases.
- +1 FSP for 3 additional Servant Cossacks or Dvorian Bases.
- +1 FSP for deploying jiltsy sotnia. If your Skirmish contains at least 12 bases of Boyar Sons (but not Skirmish sotnia), you receive an additional Jiltsy sotnia containing 2 bases (3 bases if you have at least 16 bases of Boyar Sons).

- * You may exchange any two Boyar Sons sotnias with Dvorian sotnia of the same number of bases. They can be increased up to 3 bases. They may be equipped with spears if other units in Skirmish Force don't have spears.
- +1 FSP for deploying the Skirmish sotnia. The diagram shows the size of the sotnia in reference to the strength of the Skirmish Force.
- * Up to 2 Boyar Sons sotnias may have spears. You may not have more Boyar Sons with spears sotnias than other Boyar Sons sotnias.
- * Before the battle all the pikemen from the dragoon company must be formed into pike blocks. A pike block must have at least 3 pikemen bases (you cannot field less than 3 companies). They are a separate Unit that cannot be split.
